HOSE NOZZLE TANK FARM INTERCONNECTION SET

TAMCN: B2136

ID: 09483A

NSN: 4610-01-123-7705

Functional Description

The Hose Nozzle Tank Farm Interconnection Set provides the low volume, hand held nozzle discharge points for the water supply tank farm. The kit contains the required four, two, and 1 ½-inch hoses, valves, reducers, couplings, nozzles, and nozzle stands for installation. NOTE: Operating dimensions are dependent on the mission. Refer to SL-3-09483A for a complete inventory and description. Forklift support is required.
